

**York County Professional Fire Fighters**  
International Association of Fire Fighters  
2498

Please Note: Your donation will go directly to your Professional Fire Fighters & Paramedics for local programs. Please be generous - help us help you!  
There will be **no telephone solicitations** this campaign period.

**“Economic Crisis Hits York County” ..... Our Locality Remains Under Staffed.**

York County is now in a Hiring Freeze. This will NOT help reduce our Fire Fighter shortage, found to be 62 short just a few years ago. We were hiring to reduce that shortage, then the Economic Crisis Hit. With your help, and financial support we will keep this issue on the front political burner and insure York County Citizens are aware of such Public Safety Issues.

**Continuing Education-** Each year new methods are developed to better help save lives and property during emergencies. In years past, a few of our local fire professionals could attend these workshops and then bring the new knowledge back home. We also teach our members how to lobby issues at a local, state and national level that support Public Safety and issues that affect the proud men and woman who serve and to insure York County maintains the Highest qualified Fire Fighters and Paramedics by keeping York County competitive. You deserve no less!

**Fire Safety Training Program Support-** Our major emphasis has always been focused towards kids and will remain so even in these tough economic times! School's in, and this has been the time when we've traditionally tried to reach out to our communities children with the various training and our record setting support of York County Safety Town.

**Burn Foundation-** Each year York County Professional Fire Fighters donate to the Burn Foundation which assists more than the 2.5 million people who suffer burn injuries every year. We also contribute to the Muscular Dystrophy Assoc., American Cancer Society, York County Fallen Fire Fighter Benevolent Fund, Memorial Fund and Scholarship Funds to name a few.

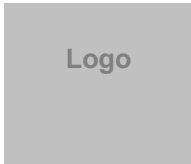

We're York County Professional Fire Fighters & Paramedics. We're the professionals you see on the side of the road tending to accident victims – on the ambulances and fire engines... dealing with Medical Emergencies, Hazardous Materials, Fires, Prevention Activities, .....

Last year, your professional Fire Fighters, Emergency Medical Technicians and Animal Control Officers

In York County Handled Thousands of Emergencies and that number is rising dramatically each and every year with our well managed growth.

*We're here for you and your family **7 Days a Week – 24 Hours a Day.***
